Charger configuration is a simple step by step process as shown below.

For Tech Support call Enerdrive on 1300 851 535

NOTE: The current setting below is based on the EN3DC40+ battery charger.

NOTE: At any function setting, pressing the MENU button will exit the function mode.

!* Disregard the Temp Select setting if the Temperature Sensor is NOT connected.*

**WARNING: FIRE HAZARD**

When choosing the battery type and setting the charging parameter, please consult the battery manufacturer on all the voltage and current settings. Using the wrong setting to charge a battery may overcharge, damage the battery and may cause a fire.
